The Company processes personal data in compliance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation) ("**GDPR**"), the German Federal Data Protection Act ("**BDSG**"), Council Regulation (EC) No. 2157/2001 of 8 October 2001 on the Statute for a European company (SE) ("**SE Regulation**"), the German Stock Corporation Act ("**AktG**") and all other relevant legal provisions.

The Company's shares are registered shares. Section 67 para. 1 AktG stipulates that registered shares must be entered in the Company's share register, stating the surname, first name, date of birth and an address as well as an electronic address of the shareholder and the number of shares or the share number. The shareholder is generally obliged to provide the Company with this information. The credit institutions involved in the acquisition or custody of registered shares in the Company regularly forward the information relevant for maintaining the share register to the Company. This is done via Clearstream Europe AG, acting as the central securities depository for the technical settlement of securities transactions and the safekeeping of shares for companies with address at Mergenthalerallee 61, 65760 Eschborn, Germany.

Furthermore, personal data of shareholders (in particular surname, first name, address, e-mail address, number of shares, type of shareholding, access data for the Investor Portal, acceptance of the terms of use, information on the exercise of voting rights, proxy or authorization and instructions, as well as personal data in motions, speeches, questions, statements, election proposals, objections and requests or other communication, communication data to check the functionality of the Annual General Meeting) and possibly also corresponding personal data of shareholder representatives and

ADS holders are processed in connection with the preparation, orderly organization and follow-up of the Annual General Meeting.

In addition, the browser automatically transmits personal data when using the Investor Portal (date and time of access, amount of data transferred, notification of whether access was successful, IP address, type of web browser, the previously visited website). In order to ensure the operation of the Investor Portal, the Company only uses cookies that are technically necessary. The use of cookies can be prevented by adjusting the browser settings. However, completely blocking all cookies may, under certain circumstances, mean that the Investor Portal cannot be used.

If the shareholders, shareholder representatives and ADS holders do not provide their personal data themselves, the Company generally receives this data from the shareholder's custodian bank or from the depository or other intermediaries.

3. For what purposes and on what legal basis is data processed?

Data processing is carried out for the purpose of preparing, organizing and following up on the Annual General Meeting (e.g. registration for the Annual General Meeting, documentation of the right to participate, preparation of the list of participants) and to enable shareholders to exercise their rights; the processing of shareholders' personal data is also carried out for the purpose of maintaining the share register. The legal basis for the processing of personal data in this respect is Art. 6 para. 1 subpara. 1 lit. c) GDPR in conjunction with Art. 52 et seq. SE Regulation, Sections 67, 67e, 118 et seq., 129 AktG, Art. 15 para. 2 of the Company's Articles of Association.

Insofar as data is processed for the aforementioned purposes beyond the mandatory information required under the aforementioned regulations, the legal basis is Art. 6 para. 1 subpara. 1 lit. f) GDPR. Processing on the basis of Art. 6 para. 1 subpara. 1 lit. f) GDPR is carried out for the purposes and interests described, in particular for the organisation and orderly conduct of the Annual General Meeting and – in connection with the use of the Investor Portal – to provide secure access to the Investor Portal and to be able to operate it securely and without disruption.

In order to achieve the above-mentioned purposes, it may be necessary to transfer personal data outside the European Economic Area (EEA). If we transfer personal data to service providers or group companies outside the EEA, the transfer will only take place if the third country has been confirmed by the EU Commission to have an adequate level of data protection or if other appropriate data protection guarantees (e.g. binding corporate data protection regulations or EU standard contractual clauses) are in place. The service providers engaged by the Company process the personal data of shareholders, shareholder representatives and ADS holders exclusively in accordance with the instructions of the Company and only to the extent necessary for the performance of the contracted service. If shareholders or shareholder representatives participate in the Annual General Meeting with speeches, questions, motions, election proposals, written statements or other requests, the Company may make these contributions accessible to other shareholders and shareholder representatives on the Investor Portal, stating the name of the shareholder or shareholder representative. If shareholders or shareholder representatives participate in the Annual General Meeting with speeches, questions, motions or election proposals by means of video communication, this will also be broadcast on the Company's website – also outside of the Investor Portal. If ADS holders make use of the opportunity, granted to them on a voluntary basis, to submit questions via e-mail regarding the agenda items prior to the Annual General Meeting, the Company also reserves the right to discuss these submitted questions and the answers thereto at the Annual General Meeting; in this case, the discussion will also be broadcast on the Company's website – also outside of the Investor Portal.
